

# Quick Start Guide

[www.timanalytics.eu/tim\\_edge.html](http://www.timanalytics.eu/tim_edge.html)  
Use Firefox or Chrome

**Choose visualisation**  
Navigate through different types of graphs

**Technological Field**

The screenshot shows the TIM Edge web application interface. At the top left is the TIM logo. Below it is a navigation menu with options: Dataset (selected), Growth Indicators, and News Trends. A search bar is located at the top center. To the right of the search bar are several toggle switches for visualization settings: INFO (OFF), VIS (NORMAL), MODULARITY (ON), HOVER (OFF), HIDE (OFF), EDGES (ON), and ALL LABELS (ON). A 'Rebuild' button is in the top right corner. On the left side, there is a 'Technological Field' list under the 'ICT' category, containing various technology names like '5G mobile network', 'Artificial brain', 'Atomtronics', etc. The main area displays a network graph with nodes and edges. A 'Filter' panel is open on the right, showing 'Energy(all)' selected. At the bottom, there is a timeline slider with markers for 1986 and 2016. A 'Full screen' button is located at the bottom left of the graph area.

**Search for a node in the graph**

**Filter the data**  
Double-click on a node to activate the filtering.  
Manage your filters from the filter panel

**Change the aspect of graph**  
Modify parameters to change the visualisation

**Navigate in time**  
Move the selectors to adapt the view to different times frames

**Full screen**

**Browse the datasets**  
Select which technology to visualise
